WILMINGTON'S PRIZE WINNING NEWSPAPER

Wilmington Public Library

VOL 8 NO 4

NORTH WILMINGTON, MASS. JULY 23, 1959

PRICE 10 CENTS

## WILDCATS WIN PENNANT

### CHAMPIONS

The Wilmington Wildcats, winners of the Pony League Championship.

Fr. Row, Jim Szadis, Jeff Williamson, Tommy Grant, Mike Farrell, Jimmy Gillis. Rear, Coach John Waugh, Dicky Allard, Dave Babine, Jerry Paglia, Joe Beaton, Ricky Frotten, Ed Casey, Edwin Rice, John Cavanaugh and Manager Bob Hastings. In front is Bat Boy Scotty Waugh.

Missing from the picture is Jimmy Melzar.

The Wildcats did it!! Losers of only one game in a fourteen-game schedule, the Wilmington Pony League Team met their only conquerors, the Reading Y's Men, head on last Saturday morning and administered a 2-0 whitewash which led to the league championship. Ricky Frotten pitched the vic-

tory as he has so many times this year, got the leadoff single in the sixth inning, and scored the winning run as Eddie Casey boomed a double to deep left-center. The insurance run came only seconds later when Joe Beaton lashed a second double over the head of the right fielder.

To their credit, the Y's Men were never out of the ball (cont Pg 3)

HATHAWAY HUFFS AND TOWN  
FATHERS PUFF

## THREATEN SUIT IN GRAVEL WAR

Steve Hathaway, operator of the Salem Street gravel pit, and also operator of the bootleg gravel pit behind the Snyder property on Andover St. has threatened the Selectmen and Acting Town Manager of Wilmington with lawsuits, if the town shuts off his latest gravel pit.

The Selectmen of Wilmington, Monday night, instructed the Acting Town Manager to close off Hathaway's road through Town owned land 'using force if necessary'.

Since then both sides have been huffing and puffing, with the 'closing' scheduled for Thursday morning, according to latest information.

Hathaway was reported to have claimed that he was merely using an old right of way across the town owned land, a statement which, if true, could possibly lead to trouble for the Selectmen's estates.

Acting TM Pat Thibau, acting on advice of Town Counsel Philip Buzzell, was prepared to close off the pit Tuesday noon but called off the operation to further check the status of the Town Owned property over which the gravel trucks are running.

The property was taken for non-payment of taxes in 1936.

Because of old errors in the taking of land, such as those found by past Assessor Frank Walters, many of the interested by-standers feel that Hathaway may have discovered such an error, and that the town would thus be left without any legal rights.

Thibau has sent Mrs. Sheldon Assessor of Wilmington to the Registry of Deeds twice, Tuesday afternoon, and again Wednesday morning, to check all possible angles.

Town Counsel Philip Buzzell has traced the title extensively, and believes there is no ground for the reported rumors.

But Acting TM Thibau is taking no chances.

Meanwhile the Town Engineer has surveyed the property and staked out the place where the 'stoppage' is to take place - if it does.

Large 'No Trespassing' signs have been painted, on metal and are ready to be used.

The Police Department has also been alerted, in several conferences with Thibau.

And five gravel trucks are in operation, taking gravel to the Bayer & Mingolla operation on Route 93, with two power shovels loading.

### SELECTMEN VOTE SUNDAY LICENSES AGAIN

Sunday licenses for Lucci's Market, Elia's Country Store and Steven's Supermarket were voted by the Board of Selectmen, Monday evening, on motion of Selectman Nick De Felice, seconded by Mrs. Wavie Drew.

Mrs. Drew would not second the motion until it had been amended to include the Stevens Supermarket.

The vote, three to one, found Selectman Francis J. Hagerty opposed because he felt that business should not be conducted on the Lord's Day.

By direction of the Selectmen the licenses which are to be issued will have a direct reference to the Chapter of the General Laws which limits Sunday sales to certain specified items.

In making the motion De Felice declared that it was not in the province of the Selectmen to judge, or to police stores. He felt that the licenses should be issued, and that the Police Department should then enforce the law.

### ON THE WAUGHPATH

## LL TOURNAMENT TEAM PLAYS TONIGHT

Wilmington's Little League Tournament Team, selected only last Friday night by the managers of the major leaguers, will play its first game in district competition tonight. The Colonial League of Acton will be the visiting opponent at 6:00 P.M. on the Wilmington diamond. Just completing its second year of operation, the Colonial League is an outgrowth of the old Assabet Valley League which was broken into two sections because its players were drawn from a too-densely populated area. This break-up occurred shortly after Assabet Valley had beaten Wilmington to end 1957 hopes for a district champion, so there may be an element of revenge to tonight's game.

President Al Kasabowski represented Wilmington at the district meeting held in Woburn on

Monday night where plans were laid for the district eliminations. As in past years, each team plays until it loses. When the district title is won, there is further competition among the district winners for the regional championship and the right to be the Eastern representative in the Little League World Series staged at Williamsport, Pennsylvania in late August.

**Four Holdovers From 1958**  
Anchoring this year's Tournament Team will be four boys who were also selected last year: Pete Emery and Eddie Sullivan of the Chisholm Indians, Mike Anderson of the pennant-winning AVCO Yankees, and Cory Coombs of the Unit Packet Tigers. Among the boys chosen this year for the first time were: Johnny Bevilacqua, Bob Carney, and Joe Tennehan

of the Cain Red Sox; Bibly Ritchie of the Tigers; Keith Gunning, Jimmy Trimarchi, and Paul Currier of the Indians; and Randy Walden and Lynn Billings of the Yankees.

Eight of these boys have done some pitching during the year just completed so Managers Tony Toti and Bob Hastings, Jr will have some depth in the bullpen should they require help, although Pete Emery and Mike Anderson will likely be the two mainstays of the pitching corps. Ken Sarchione and Joe Tennehan give the team excellent catching, and the defense seems to be steady enough to give this club a good shot at the district championship.

**TWENTY FIFTH ANNIVERSARY**  
Mr and Mrs Melville Woodside, of the Wilmington Center Pharmacy, who celebrated their twenty fifth anniversary yesterday.

## SPECIAL TOWN MEETING AUG 17TH

A Special Town Meeting has been called for August 17th., in the Herbert C. Barrows Auditorium, by the Board of Selectmen.

The purpose of the meeting is to validate the vote of the annual Town Meeting, with respect to a new police station and a new highway garage, each to cost \$75,000. Bonding attorneys have objected to the procedure of the Finance Committee, prior to the meeting.

\$70,000 for each of the two buildings was to be provided by borrowing with bonds.

Also expected in the warrant will be an article to validate the vote on Beeching Avenue, (behind Steven's Market), which the town voted to build by Betterments, and which consequently is expected will be bonded.

The warrant will be closed at 9 pm next Monday, in the Selectmen's meeting.

Wilmington Mass. Postoffice.

## THE SPECIAL TOWN MEETING

The calling of a Special Town Meeting, by  
the Board of Selectmen, for August 17th., was  
not a task of joy for that board.

The trouble, long known to a few people in  
this town, was that the Finance Committee did  
not comply with all details of the law, with  
respect to the annual Town Meeting.

But, before the people of Wilmington suc-  
cumb to the impulse to "jump on the Finance  
Committee let it be said that the law was a new  
one, and that it was a complicated one. Add  
this to the fact that the "warrant" from the  
Board of Selectmen is always delivered at the  
last possible moment and it will be understood  
that the Finance Committee had its hands full.  
Let us not be too severe on these people.

The law, of course, is the "Open Meeting  
Law" which in effect says that votes of any  
committee cannot be held behind closed doors.

Our Finance Committee had a public hearing  
in the last week in February, and in the fol-  
lowing week held their discussion and vote. Be-  
cause they had not posted a notice of the sec-  
ond meeting the Bonding Attorneys have refused  
to validate the bonds for the new Police Sta-  
tion, and the new Highway Garage.

So a new town meeting is required, to ratify  
the actions of the annual Town Meeting.

And every town official, we can bet, will be  
walking on eggs for the next couple of weeks,  
to make sure he doesn't unknowingly make an er-  
ror to make this meeting invalid.

## TWO VOTES

In two separate votes, last week, a new mem-  
ber of the School Committee was elected, and a  
new Town Manager was elected.

The voting for the School Committee member,  
Fred Melzar, was by ballot. The voting for the  
new Town Manager was in Executive Session of  
the Board of Selectmen, and hence was illegal  
according to the present statutes. We may ex-  
pect to see another vote, in this case.

It was quite apparent during the vote for  
the School Committee that Mr. Melzar was the  
candidate of all of the Selectmen. Mr. Melzar  
had been a candidate for election twice, and  
had polled over 1500 votes on his last try.

The School Committee, on the other hand,  
were quite split.

They had originally offered the position to  
Mrs. Dudley Buck, the widow of the deceased  
member, and she had refused. She told the  
School Committee, according to report, that her  
husband had once stated that he preferred Dr.  
William Widger, of Fairview Avenue, or Dr.  
Kenneth Iverson, of Chestnut Street.

Dr. Iverson, who is, we believe of Assistant  
Professorial rank at Harvard, is not yet an  
American citizen, and hence is not eligible to  
hold office.

Arthur V. Lynch and Henry F. Sullivan, of  
the School Committee voted for Dr. Widger, or  
at least spoke up for him.

The other three votes of the School Commit-  
tee, those of John Hartnett, Ernest Crispo and  
Eddie Page, were for Bob Hastings, former pres-  
ident of the Wilmington Boosters.

In the fifth ballot two votes were changed,  
if we may so judge by the remark of Mr. Sulli-  
van. Mr. Sullivan remarked that he had shifted  
his vote, but that the count was still the  
same.

In the sixth ballot, of course, there were  
six votes for Mr. Melzar. We don't know which

## EMANCIPATION

The reason I work,

Succinct and concise is:

I'm working to buy

Work-saving devices.

of the School Committee finally voted for Mel-  
zar, but it might possibly have been page.

The vote for the TM was a different thing.  
The first action took place on the Saturday be-  
fore the vote, at which time Mr. Lancaster and  
the gentleman who had been No. 3 candidate, a  
year ago, were both interviewed by the Select-  
men, and both declared that they were still  
candidates. Lancaster, however, told the Sel-  
ctmen that he was not actually in a position  
to accept until he had conferred with the Sel-  
ctmen of Mansfield.

Monday evening, Selectman Black being pre-  
sent, the Selectmen declared a closed session  
and had the matter out. Mr. Kidder, Chairman  
pressed the candidacy of Lancaster, even though  
he was reminded on several occasions that Lan-  
caster's last words were that he was not to be  
considered a candidate until he had conferred  
with his board.

Kidder made two telephone calls to Lancas-  
ter during the course of the evenings discus-  
sion.

At one point during the discussion one of  
the Selectmen threatened to resign. His threat  
was not called.

The vote was three ( Kidder, Black and Mrs  
Drew) for Lancaster, and two ( Hagerty and De  
Felice) for the Number Three Candidate. After  
Lancaster had been declared elected De Felice  
moved that the vote be made unanimous, and this  
was done.

## TOWN NOTES

**More Rain**  
The Old Farmer's Almanac  
predicted that this year we  
would have from 50 to 80 inch-  
es rain, and that one third of  
this rain would fall in June  
and July.

Assuming that we get 50 inch-  
es, that means that we should  
get 16.66 inches of rain in  
the two months.

So far we have had 12.57 in-  
ches, 6.10 in June and 6.46 in  
July.

If the Old Farmer's Almanac  
is right we are scheduled to  
get 4.09 inches of rain in the  
next eight days.

## Agreeable

William Agreeable Smith, mem-  
ber of the Housing Authority,  
and David Rosen representing  
the firm planning the Urban  
Renewal for Wilmington Square  
had a lengthy discussion Tues-  
day evening, concerning the  
merits and demerits of the la-  
test plan.

Agreeable was in rare form.  
He argued for hours, and kept  
interrupting Rosen.

Finally, as the evening drew  
to a close Rosen made a state-  
ment with which Agreeable  
agreed. He said so - 'I agree  
with you!'

Rosen was taken back for a  
moment - he stared at Agree-  
able with surprise.

Then he whipped out his hand-  
'Shake!' he said.

## Missing Dog Tag

The Town Clerk, this spring  
issued a completely new system  
of 'dog-tags' for use at the  
Town Beach. Some family, which  
one we know not, is missing  
theirs - it is No. 380.

It has been hanging in the  
Lobby of the No. Wilmington  
post office for a week.

## Auditing

We have received our annual  
copy of the State Audit of the  
Wilmington Housing Authority  
in the mail. It is nothing to  
get excited about - merely  
noting that the books are cor-  
rect, and nobody has been  
walking off with the assets.

In fact there are only two  
noteworthy items, the first  
being that the Housing Author-  
ity has increased the sum of  
money for original deposit, in  
renting one of the Veteran's  
Houses, from \$40 to \$75.

The second item seems to show  
a tremendous increase in as-  
sets, for the Old Age Housing  
project, - if a person doesn't  
have things explained.

The Old Age Housing project  
started with a capital of  
\$500,000, and, according to  
the books, using that money  
the WHA has sold investments  
to a total value of \$899,  
009.81, which sounds like a  
real profitable operation, the  
only agency in town, one might  
say, that is making a profit.

The answer to the riddle of  
how did they do it? is real-  
ly simple.

Every three months the WHA  
sold 90 day notes, for the  
balance of its cash in the  
treasury - a method of earning  
income which is quite common  
in all projects of this type.  
Over a series of three month  
periods they thus sold the  
same money several times, to a  
total of \$889,009.81.

But the audit doesn't state  
this - and without an explana-  
tion it would seem that the  
boys on the WHA are financial  
wizards.

## Railroad

Every day or so we hear a  
new rumor about the B&M going  
to go back to the old tracks,  
in No. Wilmington. Most of  
the rumors seem to start in  
the Union Halls, where rumors  
are about seven for a dime  
anyway. According to the boys  
the B&M is finding out that  
they are spending an extra  
\$5000 a month on the Wildcat.  
We also hear that the rail-  
road is repairing the line  
through Tewksbury, and going  
to shunt their Lowell trains  
through No. Wilmington, giv-  
ing up the Wilmington depot  
and the Wildcat.

It all reminds us of old one  
eyed Porter Pearson, in a  
Town Meeting back about 1910,  
when somebody wanted the town  
to forbid the railroad from

running trains through on Sundays.

Porter told the Town Meeting (glancing around at the assemblage with his one eye) that he had the answer.

'Build a bridge' he said, from Reading to Andover, and let the trains use that bridge on Sundays - then they won't have to whistle!

#### Wildcats Win Pennant (fr Fr Pg)

game. With the exception of the first, sixth, and seventh innings, Ricky faced constant trouble, but each time he was able to pitch out of it, striking out two with the bases loaded in the third and one with the bases loaded in the fifth.

Eddie Casey and Ricky Frotten collected two hits each, while Joe Beaton, Tom Grant, and Jim Gillis each banded out one. Jimmy Melzar lost a possible triple or homer in the fourth on a one-handed over the head catch by the left-fielder, and Jimmy also lined hard to center in the sixth.

#### The Life of Gillis

In the final game of the regular season, the Wildcats won a 6-2 decision over the Reading Auto Team Tuesday night. Jimmy Gillis was the star of this game when he moved from his usual right-field position to behind the plate in relief of the injured Mike Farrell. Besides binging out a single and a double in three trips to the plate, Jimmy did a capable job catching and threw out the only runner who dared steal on him. Jimmy Melzar tripled in this game, and Eddie Casey, Jerry Paglia, and Dick Allard each banded out singles.

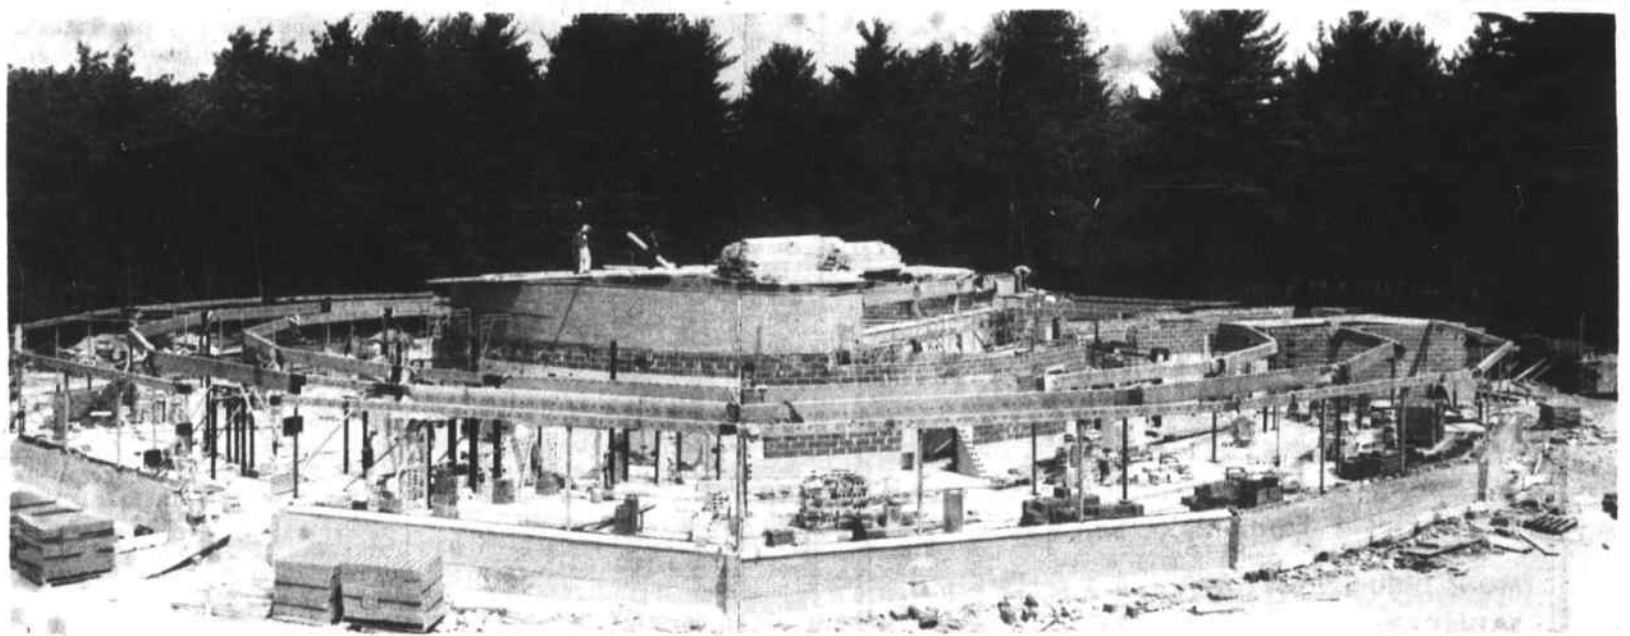

#### Playoffs

With the close of the regular season, the Wilmington Pony League Wildcats, sponsored by the Community Fund this year, will enter into a playoff series with the other three clubs who finished among the top four in the league. When and where the first games will be played has not been determined because of the several make-up games which some of the Reading and Stoneham teams must play.

#### FEDERAL STREET DEVELOPMENT APPROVED

A proposed real estate development, off Federal Street, was approved by the Planning Board, Tuesday evening, but only after the Board of Health had placed restrictions on every lot.

None of the 20 lots in the development can be sold under the Health Board restrictions until improvements have been made.

**GLEN ROAD SCHOOL GOING UP!**

#### WATER DEPARTMENT TO BE ASKED TO INVESTIGATE ROUTE 93 WATER RUN-OFF

The Board of Selectmen, Monday evening voted to ask the Water Department to investigate the means to be used for draining water from Route 93, now nearing completion.

The Selectmen felt that salt and other materials may be run into both the Barrows Well Field, and the Brown's Crossing Well Field, as a result of water draining from the new highway.

Selectman Frank Hagerty brought the matter to the attention of the Board, and Acting Town Manager Pat Thibau recalled that he had written the State Department of Public Health on the matter. The DPH according to Thibau, felt that there was no danger of contaminating the wells.

On suggestion of Selectman De Felice the problem was turned over to the Water Department for further study.

#### HORSE SHOW SLATED FOR AUGUST 15TH

A combined Horse Show and Field Day is to be held at Jensen's Farm, on Andover St. on August 15th or 16th in case of rain.

It will be under the auspices of the Wilmington Youth Canteen.

#### MILL ROAD REPAIRS WILL COST \$125

The Selectmen have voted to allow the Highway Department to scrape, and fill where necessary, Mill Road, a private way off Chestnut Street, for the sum of \$125. Town Engineer George Maynard estimated that the gravel will cost this amount, at a price of \$1.25 a yard. The vote was in accordance with the standard procedure of the Selectmen where people on private roads can have repairs effected if they are willing to bear the cost.

Mill Road, at the present time leads to a Children's Day Camp being operated for children of suburban Boston.

#### HELP WANTED DE MOULAS SUPERMARKET

Interviews, Monday July 27th., 9 to 12, 1 to 4.

**URBAN RENEWAL DISCUSSION**  
(A release by the Wilmington Housing Authority)

The solution of any Urban difficulty can come only with wide understanding of its nature.

One of the most difficult Urban Development problems is the securing of citizen help in the solution of Urban problems particularly related to development.

Since Urban Renewal is basically a community undertaking, an Urban Renewal program is a matter of direct concern to every citizen, organized group and business enterprise interested in furthering community development and welfare.

The Federal Government thru appropriate legislation has recognized the serious problems communities face in overcoming developmental defects that retard and stifle sound community growth.

One specific aid is the law authorizing assistance to slum clearance and Urban Renewal under title I of the Housing Act of 1949, as amended.

As a part of this Legislation Urban Renewal is a technique and a method that offers to any well managed community the opportunity to do something about the areas that need renewal for promoting sound community growth.

It is, therefore, quite important that there be a general understanding by the citizens of a community of the techniques and methods involved in the Urban Renewal program being undertaken in different communities throughout the United States. The Town of Wilmington is one such community engaged in Urban Renewal.

To the end of promoting a wider understanding of Urban Renewal and the advantages it offers the Town of Wilmington the 'Citizens Participation Committee' was appointed in May, 1959. The objective of this committee is for community-wide participation on the part of individuals, and representative citizens' organizations which will help to provide, both in the community generally, and in selected areas, the understanding and support which is necessary to insure success to the Wilmington Urban Renewal Program. The form for this participation in

Wilmington is in the form of a 'Citizens Advisory Committee' This committee headed by Mr. Frederick Arsenault, Del Drive Wilmington and consisting of other prominent citizens were appointed by the Town Manager.

The success of the committee is dependent on the knowledge of, and interest in, the Urban Renewal Program on the part of its members, and on its representative composition. Frequently members of the committee or subcommittee are given responsibility for participation in development of policy with respect to various important aspects of the Urban Renewal Program. Therefore, since Urban Renewal in Wilmington is basically a community undertaking, it is a program of direct concern to every citizen and especially the 'Citizens' Advisory Committee' interested in the community's improvement and in doing something about the blight and slum conditions in the community. If, you are a citizen or civic leader, you can help by:

A. Arousing interest and understanding of the Urban Renewal needs and plans in Wilmington through personal efforts, civic organizations, and the Citizens Advisory Committee.

B. Keeping informed through officials of the Wilmington Housing Authority and the newspapers on what is being done and is planned.

C. Cooperating in educational and operational phases of Urban Renewal, in activities which require support from civic-minded citizens. Remember, Urban Renewal begins with the community itself with the community's own plans and resources. An active citizens support of the program for the Town of Wilmington, will secure benefits to the community that could not be accomplished by other than a total community effort.

**LETTER**

251 Middlesex Ave.

Dear Larz:

Middlesex Avenue runs from Main Street to Salem Street. At the point of the Common it meets Church Street. This seems to be simple, but it isn't.

The maps put out by the various gas stations can't seem to make it clear. Strangers looking for a house on Middlesex Avenue think that everything north of the Common is a part of Church Street.

There is a considerable confusion. I don't believe the various gas companies are ever going to get it straight.

Perhaps it would be better if we were to end Middlesex Avenue at the Common, and have another name up to Salem Street. What do you think?

Either this, or else continue Church Street right straight through to Salem Street.

Frank Fitzpatrick

(We refer your problem to the tender mercies of the Wilmington Planning Board. These are the people who are responsible for the naming of streets in Wilmington).

**LAND SOLD TO BOSTON  
EDISON COMPANY**

The Board of Selectmen, Monday evening signed papers transferring to the Boston Edison Company all town owned rights in a strip of land across South Wilmington.

The Town Meeting, in March, voted to sell the rights for \$2500, which is the sum to be paid by the Edison Company. Many of the town's titles were questionable, according to Town Counsel Philip Buzzell.

Edison plans to erect a high-voltage transmission line to cross the town on the land sold.

**JUNK YARD OPERATING  
WITHOUT LICENSE**

A report to the Selectmen, Monday evening, by Building Inspector Minot Anderson, stated that a junk yard is operating in North Wilmington, but that he, as Building Inspector has no jurisdiction.

The land, according to Anderson, has a 'non-conforming' use, in that it was used to store junk before the present Zoning Laws were passed.

According to Anderson the matter is one for Police attention.

The Selectmen refused, about a year ago, to renew the license for the junk yard.

**TOWN CLERK WRITES LETTER  
OF THANKS TO MAINTENANCE  
DEPARTMENT**

Town Clerk Esther Russell, appreciative of the work done by the men in the School Maintenance Department has written a letter of thanks to Mr. Thiel, which was read in the Selectmen's meeting Monday evening.

Mrs. Russell commented on the fine work, and the pleasant manner in which the work was done.

**DEPOT REPORTED SOLD**

The Wilmington Railroad Depot has been reported sold to the Rail and Realty Co (address unknown).

**BOUTWELL SCHOOL LAND  
TAKING PLAN SIGNED**

The Wilmington Planning Board has signed the plans for the taking, by eminent domain, for land of the new proposed Boutwell Street School.

**STOP LIGHTS TO BE  
INSTALLED AT OLD  
AGE HOUSING PROJECT**

Rep. Tom Donohue, of Woburn has announced that the Department of Public Works has approved the installation of a set of traffic lights on Burlington Avenue, so as to provide 'stop lights' for residents of the Old Age Housing Project who may wish to cross the street.

**PAUL EMMONS ASSISTED AT  
STATUE UNVEILING IN  
BOSTON**

Paul Dyer Emmons, Esq., No. 1111 Huntington Avenue, was one of those who spoke, on July 9th at the State House in Boston at the unveiling of the statue of Mary Dyer, Quaker, who was put to death in 1660, on Boston Common. Her death stemmed from her religious beliefs, and the unveiling, in which Gov. Foster Furcolo and Mrs. Furcolo took part was to symbolize the religious freedom of our Commonwealth, today. The remarks of Mr. Emmons, a direct descendant of Mary Dyer

follow:

'When a woman dies in order that other people may survive, that woman herself lives down through the ages; and that was Mary Dyer's case. Three centuries ago her mortal remains were dropped from the end of a branch of the Great Elm, on Boston Common to which she had been hanged for no other crime than being a Quaker, and despite the fact that she was a mother of six children.

Her body was laid in a nameless grave beside the bodies of two male companions in martyrdom, William Robinson and Marmaduke Stevenson, to whom

she had said 'Be of good courage, Dear hearts' when they were led out to be hanged before her face and eyes.

At that time William Robinson had called to the assembled multitude who were watching the tragic event 'Know, All of Ye, that we suffer not as evil doers, but for conscience sake

These words deserve to go down in history, but they hardly measure up to Mary Dyer's own statement, made to the Great and General Court of Massachusetts, when she was in jail, awaiting her own execution, and called upon them to abolish all the brutal and

tyrannical laws then on the statue books:

'In order that the truth may have free passage among you and you be kept from shedding innocent blood'

In those words Mary Dyer spoke down through the ages, to all nations and peoples and they deserve to go out today from this Hub of the Universe to all other nations and peoples.

'That the truth may have free passage among you, and you be kept from shedding innocent blood'

**Pennies can make you  
a man of the world**

8 hours a day, let's face it, most men live in a pretty narrow groove. You're a banker, a bus driver or a barber. Your life is walled in by your work.

But when you settle back with a Boston Globe in your hand, horizons broaden. You're a man of many worlds, free to explore other pastures and pastimes at your will.

Quick as you can say "Fenway Park," out pops the pull-out sports section with up-to-the-inning news. Stock closings are complete from Abbott to Zenith. You'll find gift ideas for your wife's birthday, and see what's doing in Dogpatch.

Anything decent on TV tonight? Anyone selling a skiff cheap? How about that Gromyko! You know, because The Globe prints the news as fast as it's made.

Tomorrow — morning or evening — spend the pennies that can make you a man of the world. *Keep in touch with The Globe.*

#### THE PLUNGER WOULDN'T PLUNGE

Bill Harrison, of Church St. local plumber spent the month of June building a submarine in his cellar. A man with a sense of humor, he named the craft the 'Plunger'.

It is not designed to be a watertight craft, but rather to be operated by Scuba divers complete with face masks, etc.

Let it be noted that the Plunger is not the first craft so built. Back in World War II, the Royal Italian Navy was fooling around with craft of this type, and they sank an Austrian warship, the 'Pola'.

And in World War II the Italians sank two British warships in the harbor of Alexandria, Egypt.

Bill, in a manner of speaking was starting from scratch. He had the help of the Wilmington Seacraft Shop, all Scuba Boys, but he did most of the work himself.

He designed two parts, to be joined together after he got them out through the cellar window, but then the heavy rain came, and Bill found it easier to join the two parts together in the cellar, and then (in the tradition of amateur boat builders) knock a hole through the cellar wall.

The Plunger is made of fiber glass, with a watertight air-tank each of about four cubic feet, forward and aft. Both can be flooded, the water being blown out afterwards by air from a cylinder with 2000 pounds pressure, on which the operators sit.

Propulsion was planned with a 6 1/2 inch propeller, driven by an electric motor. Two batteries, one four volt, and one six volt, capable of being connected separately or in series would provide the power. The craft is steered by a device which resembles an airplane's 'joy-stick'. Twisting the handle turns the rudder, and pushing it forward makes the diving rudders theoretically cause the craft to dive.

But Bill didn't get his Center of Gravity properly figured out. With two men in the craft the weights are so distributed that the 'downward' forces and the 'upward' forces are meeting in just about the same spot.

The result was that, in naval parlance, the craft was 'neutral' - nothing to keep it from turning over - after the air tanks had been flooded, that is.

Bill and the Scuba boys tried out their craft, Sunday morning, at McQuaid's Beach, with Tom McQuaid providing one of his boats for sightseeing.

The craft made 3.3 knots, in a trial run on the surface. It was a wonderful little boat.

Then came the submerging trial. The air was forced out of the tanks, too slowly for anyone in a hurry, and the boys started under.

They started the motor. The propeller, working on an unstable craft, caused so much torque 'twisting motion' that the submarine just capsized.

It's back to the Drawing Boards for Bill's Plunger!

**URBAN RENEWAL PLAN  
SENT BACK FOR FURTHER  
STUDY**

The Wilmington Housing Authority, Tuesday evening, after studying the plan for Urban Renewal of Wilmington Square, sent it back for 'further study'.

Prepared by the Victor Gruen Associates of New York, and presented by David Rosen and William Hall, the plan divided the proposed Urban Renewal area into roughly four districts - a business area in back of the Middlesex County Bank and Weinberg's, with large parking areas and malls and footwalks (2) an area along Church Street, from Main Street to the Fire Station which would have buildings erected for 'Institutional' purposes, ie social and fraternal, with large areas of green lawn between the buildings.

In the area of what is now Rotary Park, and westward to the Wildcat Railroad the plan proposed housing, in both single and multiple unit dwellings. A lagoon would be in the center, and public walks would lead from one part to another.

The plan showed Main Street, now 60 feet wide, as being widened to 100 feet. All buildings between Main Street and the railroad were proposed to be demolished. The developer would be asked, according to the plan, to erect

a new railroad depot.

Between the new depot and the Wildcat Railroad crossing there would be only one business - a gas station. The rest of the area would be devoted to parking.

Members of the Housing Authority, in a three hour discussion, criticized the plan in several respects.

Leading the criticism was William Agreeable Smith, joined at times by Chairman Ernest B. Rice.

Member Frank McLean requested, when the plan was turned back for further study, that study be given to the possibility of a hotel in the area.

**TOWN ENDEAVOURING TO HAVE ROADS REPAIRED**  
Town Engineer George Maynard has written a letter to the State Engineer in charge of the Route 93 project, asking that repairs to Wilmington highways, damaged by trucks of the contractors, be expedited. The letter, read in the Selectmen's meeting Monday night, related that the Town Engineer and the Superintendent of Highways had surveyed the roads,

and listed the damages done. Included in the list were: Andover Street, 4200 feet; Woburn Street 1500 feet and 2600 feet; Route 62, 1500 feet (on way to No. Reading); West St. 5000 feet; Grove Street 1000 feet, and High Street 2200 feet. The report listed each of the defects as noted, including broken surfaces, drainages, etc and specified how the Town Engineer felt that the repairs should be made.

**WILMINGTON SOLDIER WINS 'SOLDIER OF YEAR' TITLE**

Private William J. Johnston, brother of Mrs. George B. Dyas of 8 Fairmeadow Road, Wilmington, is shown here being greeted by Major General J.F.R. Seitz, Chief of Staff of the First U.S. Army, as the 'Soldier of the Year' for Fort Hancock, N.J., where he is a military policeman.

The reward for winning the title was a four day expense-free vacation in New York City, starting with a visit to First Army Headquarters on Governors Island and continuing with a round of theaters, movies,

sightseeing, and dining at fine restaurants in New York City.

Johnston graduated from Wilmington High School in 1958, and enlisted in the Army at the Boston Army Base. After basic training at Fort Dix, N.J., he went to the Provost Marshal Generals School at Camp Gordon Georgia, for Military Police instruction and was assigned to Fort Hancock in March 1959. He has just completed entrance examinations for the U.S. Military Academy Preparatory School in Belvoir, Virginia.

Before going into the Army he had been a driver for Polcaro Brothers in Wilmington.
